Your informative and knowledgeable guide will collect you from your Sydney hotel as we commence our small group eco tour into the heart of a unique World Heritage Region. We head out of the city and reach Featherdale Wildlife Park before any other tourists, enjoying our exclusive Breakfast with the Koalas as well as meeting all the native Australian animals here. Continuing on, we head up through the northern section of the Blue Mountains National Park, stopping at a number of spots for short walks to enjoy the stunning views of these remote regions and learn about the flora. Passing through the historic town of Hartley Vale, we search for kangaroos grazing in the pastoral areas.

Our lunch destination is in the heart of the Blue Mountains, where we relax to enjoy the delicious food. We then continue to view more scenery before arriving at Scenic World, home of the worlds steepest incline railway (own expense). Enjoy uninterrupted views of the Three Sisters and a walk through the rainforest, before we head down the southern section. Enjoy a glass of chilled champagne or orange juice to finish the day, before we depart the national park and return to the city after a complete day of experiences.
