Your informative and knowledgeable guide will collect you from your Sydney hotel as we commence our small group tour into the Hunter Valley Region. We head out of the city and reach our morning tea stop, a unique wildlife park where we'll meet native Australian animals. We then head away from the main road and travel through the

National Parks to the historic town of Wollombi. Continuing over Mount View, we head into the Hunter Valley to a boutique winery for the first wine tasting experience.

The next winery we visit is our lunch destination, where a gourmet tasting experience of food and wine matching awaits. After lunch there is an informal time for wine tasting at Hermitage Cellars who stock a wide range of wines from around 12 Hunter boutique wineries. We then continue to our last winery, followed by cheese and chocolate tasting with some unique flavours of the Hunter Valley. We commence our return journey to Sydney after a full day of experiences.
